Art Unit: 2164

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 36-43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 36: The phrase “the identified person” lacks antecedent basis. This can be corrected by amending part (d) of claim 35 to recite “repeating (c) until the approval role is found so as to identify a person. Alternatively, this may be corrected by amending claim 36 to change “the identified person” to “an identified person”.

Claims 37-43: Depend on claim 36.

Claims 1-3, 6-12, 18-20 and 35 are allowed.

Due to relatively minor nature of the correction required, the necessary correction can be accomplished by examiner’s amendment, upon verbal authorization and instructions from applicant’s representative.

This action is non-final.
